EIGHT PROPOSALS.

Three Powers Will Submit Them to the Others.

London, Oct. 15.—Great Britain, Russia and France have reached an agreement on the programme to be submitted to the other powers as a basis for discussion by the proposed European conferences to settle the Balkan situation. The proposals are eight in number.

The most important article to follow the first article recognizes the independence of Bulgaria as at present constituted and determining the financial obligations of Bulgaria toward Turkey.

The second and third proposals are the powers to take note of annexation by Austria-Hungary of Bosnia and Herzegovina and return Sanjak of Novipazar to Turkey.

The fourth article relates to Crete, recognizing the annexation of it to Greece, and determining the financial obligations of Greece in respect to Crete toward Turkey.

The draft of this programme makes no mention of the straits between the Black sea and the Mediterranean, which of course mean the Bosphorus as well as Dardanelles, but these straits have been the subject of discussion between Sir Edward Grey, British foreign secretary, and M. Iswolsky, Russian Minister of foreign affairs. M. Iswolsky desires Great Britain and France help Russia negotiate with Turkey for opening these straits to Russia.

Cashier Gone, Bank Closes.

Bradford, Ark., Oct. 15.—The Bradford State bank has closed its doors as the result of the disappearance of the cashier, H. J. Drennen, who is alleged to be about \$10,000 short in his accounts. The assets and liabilities are not known. A number of depositors of the bank crowded about its closed doors, Thursday, but practically nothing definite could be learned. A warrant has been issued for the arrest of Drennen and officers are now searching for him.

More Children Seek Work.

New York, Oct. 15.—There is a sad state of affairs prevalent here.

More than twice as many children are seeking employment this fall than sought it last fall and there has been a decided falling off in marriages, according to the records compiled by the health department. In September last year 1,300 children, fourteen years old applied for certificates that they might become bread winners. Last month more than 2,700 children asked for employment certificates.

There is but one construction put upon this unprecedented occurrence. That is, that a large number of parents find themselves at the approach of winter either without employment or with their earning capacities reduced, so that the children's help must be enlisted. It frequently happens that boys and girls can get work when men and women cannot, and of course they can do some work for which adults are not adapted.

The apparent falling off in marriages is almost as noticeable as is the increase in the number of children asking to be allowed to go to work, though the figures at the department may be misleading, for clergymen who perform the marriage ceremonies may have not returned the certificates as required by law. There is no doubt, however, so it is declared, that no failure on the part of clergymen to send in their reports can account for the drop in the number of weddings.

Taft Tours Kentucky.

Ashland, Ky., Oct. 15.—"Marching Through Georgia," played by a brass band, summoned Judge Taft to duty Thursday morning at Huntington, the first stop of the Taft special for the day and his last effort in West Virginia. Although not informed in advance, the candidate lent himself to the plans of the local committee, and was taken through the town to a large rink, which was crowded with people, though it was before 8 o'clock.

The Taft special traveled on a direct line west to Louisville. Its itinerary called for ten speeches by the candidate, including Mount Sterling, Winchester, Lexington, Frankfort, Shelbyville and Louisville.

BATTE SENTENCED.

Convicted on Charge of Forging Father's Name.

Austin, Oct. 15.—Eugene Batte, a former university student, and member of a prominent family of Bell county, was sentenced to four years in the penitentiary by Judge Calhoun. Batte was convicted on charge of forging his father's name to a draft on a Bell county bank, on which he secured the endorsement of State Treasurer Sparks, and the draft was cashed.

State Health Officer Brumby announces he has awarded the contract for building the residence for the quarantine inspector at Galveston to the contracting firm of Chapman & Gracey of Galveston; price, \$5,005.

The railroad commission has issued an order extending for a period of one year its equipment order as applied to the St. Louis, San Francisco and Texas Railway company. The company is given an additional year, for three years, to buy additional equipment, aggregating several hundred thousand dollars. The property to be bought this year need not be bought for one year and so on for three years.

The board of government engineers is at Austin to examine plans for rebuilding the dam of the Austin Water and Light company. The new plans call for \$1,000,000 less than previous contracts.

Hitchcock Will Extend Help.

Washington, Oct. 15.—It was ascertained here by the Texas News Service, that Chairman Hitchcock of the Republican national committee will extend help in the south and southwest Texas Republican congressional campaign. This is done at the request of Cecil Lyon, who asked for speakers and money for the entire Texas state ticket. National aid will be given in the Fifteenth Texas district in the fight against Garner. Lyon reported prohibition muddle as an inducement for aid.

Six Badly Burned.

Amherst, O., Oct. 15.—Six persons were badly burned and others less seriously injured here when a tank car filled with gasoline on the Lake Shore road exploded, following a wreck. Fifty persons were hurled down a twenty foot bank next to the tracks.

Policeman's Close Call.

San Antonio, Oct. 15.—Policeman Ed Froboose narrowly escaped death while trying to prevent two Mexicans fighting. One grabbed the officer's revolver firing three times at him at a distance of three feet. The officer was badly beaten while arresting the men.

Final Sessions Held.

New Orleans, Oct. 15.—Final sessions of the international missionary convention of the Church of Christ were held Thursday. The union of the different denominations, especially Baptists and Disciples, were among the subjects debated.

LARGE MASS MEETING.

Many Democrats Assembled at Court House Yesterday.

A called meeting of the Democrats of the county occurred at the court house yesterday afternoon, with perhaps 200 in attendance. The object of the meeting is fully disclosed by the resolutions unanimously adopted.

While the meeting was set for 2 o'clock, it was very nearly an hour later before organization was perfected and the body got down to work.

Judge V. B. Hudson put in nomination for temporary chairman Mr. W. H. Morgan of Reliance. Mr. Morgan was duly elected and escorted to the chair.

Mr. Horace Jones of this city was elected temporary secretary.

Prof. John Allen suggested that some one state the object of the meeting, which he termed the Democratic Good Government Club, and called on Mr. J. H. White to perform that service.

Mr. White believed some wrong had been done somewhere in the recent primary election. He believed that the wrong should be looked into and so positively condemned as to prevent a recurrence of any irregularities in future. He wished to have good moral, democratic government in the county now, henceforth, and forever. "Now is the time," concluded the speaker, "to act and claim what belongs to us."

Mr. Mark Wilcox spoke feelingly for some minutes.

Prof. J. H. Allen understood the ob-

ject of the gathering to be to organize a Democratic good government club and have pure, clean elections in the future. He referred in complimentary way to the men present, stating that all they wanted was pure government and a square deal, all around—a free expression at the ballot box and the result of that ballot made known. He was heart and hand in the movement for pure government. He wanted the name of every true democrat in Brazos county placed on the roll of this club.

Mr. James Cooper responded to an invitation to address the meeting, but he spoke in too low a tone to be understood by the reporter.

Mr. Will Watkins of Bryan heartily endorsed Prof. Allen's remarks. He compared the gathering with that of 135 years ago when less than fifty men got together and declared freedom. There were grand children or great grand children of those men in the meeting today. Mr. Watkins spoke with much spirit and was warmly applauded.

Major McInnis mentioned the fact of general state and county elections to be held next month, but believed that the people were more interested in the election of county officers than in any others. "It is more important that the county government be pure," declared the speaker, "than that Mr. Bryan be elected president." He referred to the duties and powers of the county commissioners and other officers—for that and a great many other reasons we ought to be interested. He joined hands with Prof. Allen for

the election of officers elected by the people—the unbought people. Brazos should stand for good citizenship. "With malice toward none, and good fellowship toward everybody, let us join hands for the material advancement and prosperity of the town and county."

The chair announced the presence of the committee on resolutions and asked if the meeting was ready to receive its report.

Moved that a committee of four, one member from each precinct, be appointed to draft the resolutions.

Mr. Allen announced that we were not here for formalities; a committee had been chosen by a body of representative farmers some time before the meeting was called, and were ready now to submit the resolutions agreed upon.

At this point in the proceedings the temporary organization was made permanent.

On motion the following committee was chosen to draft resolutions: W. D. Yardley, E. J. Fountain, J. H. Allen, P. L. Barron. The committee retired to the district clerk's office, and during their absence speeches were called for and responded to by Prof. R. O. Allen, who stated that he knew nothing definite of any wrong doing on the part of any one in the recent election. The people, however, were entitled not only to a square deal, but should have the consciousness of having had a square deal.

Mr. John A. Moore didn't believe in indulging in personalities or saying harsh things. He knew nothing more than hearsay, consequently it was best to refrain from personalities or accusations. He believed we had the best form of government on earth, but unless a fair and square ballot was vouchsafed we would soon not have the best form of government in the world. He wished to put himself on record not against any individual, but to help bring about a condition of affairs where every man could feel that he had been fairly treated.

Judge V. B. Hudson could not at this late day remain silent when called upon by his people to express himself. Related incidents of a few years ago when the people here had been warned of the "machine." The people had a grievance—not an imaginary grievance, but a real grievance. They had been denied the right of suffrage of the ballot, but they had

been warned. Their right of suffrage had been interfered with. He declared the political machinery of the county was corrupt "and now you have evidence of it." The wrong must be righted in the Democratic party. The address was somewhat impassioned.

Resolution committee submitted the following:

To Hon. W. H. Morgan, Chairman Democratic Mass Meeting Brazos County, Texas.

We your committee on resolutions, beg to report as follows:

Whereas, the constitution of the United States guarantees "equal rights to all, and special privileges to none" and believing that the perpetuity of our government depends upon the sacredness and purity of the ballot box, and

Whereas, for a number of years the citizens of Brazos county have been denied the right of free ballot and have been given no voice in conducting the elections of a county thereby thwarting the ends of justice and defeating the will of the people, and

Whereas, the existing conditions prevent the people from having an honest vote in the selection of the county officials, and

Whereas, the balance of power in Brazos county politics now resides in the illiterate vote of the county, the vote of men who can neither read nor understand the constitution of the United States or of Texas, or even prepare their own ballots, but who are voted without any regard to their own wishes or desires, and

Whereas, in the investigation by the recent grand jury in this county into the late primary election, it was found that the ballots had been destroyed or suppressed by some unknown party or parties, evidently to cover up or hide some irregularity and

Whereas, a grave necessity exists for the correction of the evils above mentioned and for various and sundry others, therefore be it

Resolved, that we the democratic voters in Brazos county, Texas, in mass meeting assembled, hereby condemn such practices, and put our stamp of disapproval upon them, and declare for the late purity of the ballot and a free and untrampled exercise of the right of suffrage and be it further

Resolved, that in order to secure a

Major McInnis moved that a county chairman be appointed with authority to appoint precinct chairmen.

Mr. J. H. White of Wilcox was chosen chairman of the Brazos County Good Government Club by a rising vote, which was unanimous.

Mr. White acknowledged his appreciation of the honor and also the responsibility imposed upon him in the choice.

Mr. W. T. Young moved the appointment of a steering committee. The duties of this committee will be to select delegates to be voted for at the next primary election, as explained by the mover of the motion "to get control of the machine."

Complying with the provisions of Mr. Young's motion, the chair appointed on the steering committee Messrs. L. L. McInnis, Robert Webb J. Webb Howell, and V. B. Hudson. Mr. Law Henderson was appointed secretary of this committee.

Mr. W. C. Davis was called for, and responding, expressed his gratification that no action was taken by the meeting looking to the putting out of a ticket in opposition to that already announced on the face of the returns of the primary election. As for himself, he would not have an office to which he was not honestly elected. He would have politics absolutely pure. He would be willing to make preachers the election judges and have the ladies' missionary society count the returns. He declared himself to be a democrat first, last, and all the time. "Let's stay within the democratic party and get the rottenness out." He

scored heavily on political irregularities. Let's get out a full vote at the coming election and let's put the politics of Brazos county on a higher plane. In conclusion the speaker urged that we try to help our foreign born citizens to get an education and become better acquainted with the provisions of our laws and their privileges.

Mr. W. T. Young moved to instruct the Brazos county representative in the legislature to present and urge the passage of a bill giving the district courts concurrent jurisdiction with the executive committee where there is fraud.

The motion carried.
About 200 signed the resolution as members of the Good Government Club.

SULLIVAN'S BIRTHDAY

John L. Celebrated His Fiftieth Anniversary Yesterday.

Boston, Mass., Oct. 15.—(Special to The Bryan Morning Eagle)—Fifty years ago today there was born in Boston a boy who was destined to become pugilistic champion and who was to hold the scepter of king over the sporting world for a longer period than any other American before or since his time. He was given the name of John Lawrence Sullivan, and as "John L." the name became familiar in all parts of the world.

All kinds of estimates have been made of his winnings while in the fighting game, and the most conservative of these agree that from the time he met Joe Goss in 1880 until he lost the championship to Corbett, he had received and spent not less than a million dollars. His earnings ranged from a \$25,000 purse to \$100 or \$1000 for the simple use of his name, either for advertising purposes or to boom some theatrical combination. One tour of the country netted him \$100,000 in a few months' time.

All of his enormous winnings of those days was recklessly squandered and only a few years ago Sullivan returned to Boston with hardly enough money in his pocket to pay a week's lodging.

Fight Fans on Edge.

Milwaukee, Wis., Oct. 15.—(Special to the Bryan Morning Eagle)—Bill Papke, the "Illinois Thunderbolt," and Hugo Kelly, the Italian fighter of Chicago, meet here tonight in their third encounter. This time the battle is for the middle weight championship, which title belongs to Papke by reason of his recent victory over Stanley Ketchell at Los Angeles.

The local club under whose auspices the fight will take place expects a record-breaking crowd at the ringside. The advance sale of tickets indicates that the receipts for the mill will reach if they do not exceed a total of \$20,000. Good-sized delegations of sporting men are expected from Chicago and other points.

THE HOUSTON CHRONICLE

The seventh anniversary number of the Houston Chronicle which was issued Wednesday, celebrates the beginning of work on the Chronicle's new ten-story fireproof building. The new home of the Chronicle will be erected on the site of the historic Shearn church, and will include also the ground occupied by a small brick building adjoining. It will have a frontage of 72 feet and will extend back 125 feet, with a height of 120 feet. The value of the ground is estimated at \$150,000, and the building will cost \$300,000. The contract requires that it be finished by July 1, 1909.

The special number of the Chronicle celebrating this event contains 84 pages of specially prepared matter, all profusely illustrated. It is one of the best achievements in Texas journalism.

The discovery of Covalleski will furnish fodder for the Philadelphia baseball fans during the long winter months. His three wins from the New York Giants in one week certainly is something worth talking about.

Ad Wolgast of Milwaukee and Freddie Weeks of Cripple Creek are to furnish the next fistic attraction before the Jeffries club in Los Angeles. The two have been signed for a 25-round bout to take place next Tuesday night.

Everything looks promising for the Yale-Harvard football game this year. So far the arrangements made in regard to tickets, officials and other details of the great contest, have been satisfactory to both sides.

Considering the long period of his fighting career and that years that have elapsed since he retired from the ring it is a little difficult at first to believe that the veteran ex-champion, John L. Sullivan, is celebrating his fiftieth birthday. And, best of all, he is not celebrating in his old-time way.

CROSS OF HONOR FOR KING

Victor Emmanuel III of Italy Accepts American Honor.

Washington, D. C., Oct. 15.—(Special to the Bryan Morning Eagle)—For the first time in history the crowned ruler of a European monarchy has been honored by being awarded an American order or decoration. The Board of Governors of the American Cross of Honor Association met here today and awarded to Victor Emmanuel III, King of Italy, a cross of honor, which will be transmitted to the king in proper form. The king was elected an honorary member of the order last February and accepted the honor by letter on May 31, 1908.

The cross of honor is of gold and enamel, has the form of a Maltase cross, in the centre of which is the American shield, while the letters A. C. H. and the date, 1906, are on the four points. The whole is encircled by a wreath of laurel. An eagle displayed holds the laurel wreath in its beak, and is suspended from a ribbon of a dark shade of blue.

CUT IN CATTLE RATES

Reduction of 1-2 to 5 Cents per 100 Pounds on Range Cattle.

Washington, D. C., Oct. 15.—(Special to the Bryan Morning Eagle)—The sweeping reduction of from 1-2 to five cents per 100 pounds on range cattle shipments, which the Interstate Commerce Commission had ordered on August 27, of this year, went into effect today. The order was the result of an investigation made by the Commission in consequence of a protest of the Texas cattle raisers against the Missouri, Kansas & Texas railroad and a great many other western and southwestern roads, which had advanced the rates on range cattle last spring. The order, which went into effect today, applies to fifty-nine railroads in the western and southwestern parts of the country.

Must Show Their Tickets.

Chicago, Ill., Oct. 15.—(Special to the Bryan Morning Eagle)—The rule requiring railroad passengers to show their tickets for inspection before boarding their trains went into effect today on all the railroad lines in Iowa, Nebraska, Missouri, Kansas, Oklahoma, Minnesota and Arkansas. The new rule is not particularly popular with the trainmen, because it means considerable delay in boarding the trains.

The ladies of the Christian church will give a penny social at the home of Mrs. David Batte, Friday Oct. 16th from 4 to 10. All are cordially invited to attend. 269

Miss Cassie Riley, Miss Cloe Shirley and Mr. Lee Burley left Thursday for a visit to relatives residing in Oklahoma.

HISTORICAL AND SPECTACULAR PLAY

Grand Opera House

TUESDAY OCT. 20th

Benefit TEXAS WOMAN'S COLLEGE

It will be a Moving Panorama of Youth and Beauty never before seen in Bryan.

Messrs. M. G. Buchanan N. A. Cotnam and M. S. Freeman of the Harvey community were in the city yesterday.

There was a spirited rehearsal yesterday afternoon of the cast that will produce "Historic Texas" at the opera house here on the 20th inst. Incidental to the play a sun dance by a tribe of Indians will be stepped, which alone will be worth more than the price of admission. By the way the money derived from the production of the play will be devoted to the Texas Woman's college. So that the event of next Tuesday will provide an opportunity of assisting one of our most valuable institutions.

Attractive Laundry Work

has a charm of its own aside from a pleasing personality. That is why work done by the Bryan Steam Laundry has so many admirers. The simple reason is that we "know how" to do the work properly, and furthermore we do it. We take the trouble to do it right. Lots of people know how to do a thing, but they haven't pride enough to do it properly. We are not that kind.

Port receipts are assuming enormous proportions, in consequence of heavy selling over the belt generally. There is just barely sufficient demand to take care of the offerings. The total receipts at all United States ports Wednesday night were 1,618,835 bales against 1,156,678 same time last year.

Bear Charged With Bigamy.

New York, Oct. 15.—An Indian is accused of being a bigamist.

Henry Standing Bear, a full-blooded Sioux Indian, who is a graduate of the Carlisle Indian school and formerly was a full-back on the Carlisle football eleven, was arraigned in a New York court charged with bigamy.

The complainant is Hazel M. Moran of St. Louis, who said she was a graduate of Smith college at Northampton, Mass. Miss Moran alleged that she was married to Bear in May last and accompanied him to London to interpret for Indians who were giving exhibitions at the Crystal palace there. Miss Moran asserted that he has discovered that Bear has a Sioux wife and three children at Pine Tree, S. D. Bear was held in bail for a hearing next Monday.

Ridgley Interred.

Louisville, Oct. 15.—Funeral services over the body of Benjamin H. Ridgley, late consul general to City of Mexico, last Friday, were held at Calvary Episcopal church Thursday. Interment was at Cave Hill cemetery.

Stokes Clark Fined.

Dallas, Oct. 15.—Stokes Clark, under indictment for killing Ranger Homer White at Weatherford, was fined \$10 in police court here on charge of vagrancy. The fine was withheld on condition he would leave town.

Haskell Speaks at Fort Worth.

Fort Worth, Oct. 15.—It is announced that Governor Haskell will speak at Fort Worth Oct. 19 at the union station while en route to Dallas to attend the state fair. A large number of citizens will accompany him to Dallas.

Liquor, Anger, Murder, Suicide.

Scranton, Pa., Oct. 15.—Crazed by liquor and incensed because his wife had instituted divorce proceedings, Andrew Zadajura of Jessup shot the woman to death and suicided.

Asphalt Plant Destroyed.

Venice, Ill., Oct. 15.—Fire destroyed the big plant of the Barber Asphalt company, and several nearby residences. The fire department of East St. Louis, Ill., was called on for aid. The loss is about \$150,000.

Association Reorganizes.

Waco, Oct. 15.—The Waco baseball association has reorganized with D. D. Fairchild, owner of the franchise. Five directors were chosen. Work for a strong team is under way.

Berlin, Oct. 15.—The German balloon Busley came down in the North sea. Two men on board were rescued by a passing steamer.

Train Cuts Man to Pieces.

Jamestown, N. Y., Oct. 15.—George Mosher stepped in front of a train. He was cut to pieces.

The Elder Robert Fulton.

Robert Fulton was born at Little Britain, Lancaster county, Pa., Nov. 14, 1765. His biographers have called him "a self made man" and have made but brief reference to his parentage. It is noteworthy that his father, the senior Robert Fulton, in a failure to leave financial patrimony to his children has not been accorded the mention of other achievements, not slight in those primitive days. His ancestors crossed from Scotland to Ireland prior to the time of Cromwell. From Kilkenny, Ireland, the Fulton family came to America before the year 1735. The senior Robert Fulton was among the prominent men of Lancaster, his name having been on record upon all the town organizations which existed at that period. He was a founder of the Presbyterian church, the secretary of the Union Fire company and a charter member of the Juliana library of Lancaster, the third library established in the American colonies.—Century.

The Fourmillion.

"In the Sahara," said an explorer, "there is a little insect that throws sand, and its volleys slay. They call it the fourmillion. The fourmillion digs itself a funnel shaped hole of the circumference of a silver dollar. It lies hidden and watchful in the bottom of this hole, and when a spider or ant or beetle comes cautiously prospecting down the steep and slippery sides the inhospitable fourmillion launches upon its guest volley after volley of sand—a hail of stinging sand so abundant, so suffocating, so blinding that the visitor loses his head. He rolls unconscious for the nonce to the bottom of the hole, and the fourmillion calmly dismembers him before he has time to come to himself again and puts him in the larder for the next meal."

CONTRIBUTIONS OF CASH

What the Democratic National Committee Has Received.

MACK AND RIDDER SIGN IT

One Hundred Thousand Dollars More Are Required, It Is Added, to Carry Out Campaign to a Successful Termination and This Urgently Asked.

New York, Oct. 15.—The Democratic committee, through Treasurer Ridder, has given out an extended statement of the contributions to the Democratic national campaign fund up to and including Oct. 9, showing sums of and over \$500. The statement also shows receipts and disbursements, as follows:

Received from contributors \$100 and over	\$90,172.36
Received from contributors under \$100	115,355.22
Amount left over from Denver fund,	42,500.00

Total	\$248,567.55
Amount disbursed	\$225,962.88
Balance on hand	22,604.67

The statement, which is signed by National Chairman Mack and Treasurer Ridder, says 343 subscribers gave \$100 or more and smaller sums are from 25 cents up. It adds:

"The number of contributors to the national committee fund is estimated at 50,000 people and about \$100,000 of the whole amount of the contributions came from Democratic newspapers throughout the United States."

"It will be noticed from the foregoing statement that the cash balance is about \$22,000. Supplies contracted for and undelivered circulation of literature, expense of headquarters at Chicago, New York and Denver and traveling and other expenses incident to our speaking campaign now under way make necessary an additional \$100,000 to carry out the campaign to a successful issue. We are confident the people whom we are thus taking into our confidence will supply us with this additional sum and we earnestly urge a prompt and generous response to this appeal."

"Subscriptions received of \$100 or more will be published daily, beginning Oct. 16."

HEALY QUOTED.

Given as Authority in the Matter of Daniel J. Keefe.

New York, Oct. 15.—The Democratic national committee has issued a statement quoting Timothy Healy, president of the International Brotherhood of Stationary Firemen, as authority for the allegation that Daniel J. Keefe has been promised by the president appointment as commissioner general of immigration in return for the Detroit labor leader's support of Mr. Taft. The national committee had promised to make known its informant if the charge was denied, and it has been both by Keefe and at the white house. The national committee quotes Mr. Healy in part as follows: "I was in Washington Wednesday of last week on a matter dealing with our organization which brought me in contact with an official of high standing in the government service. He said to me:

"Dan Keefe has been selected for commissioner general of immigration."

"Is that so?" I said.

"Yes, the job is his," he replied.

"I asked him how he knew, and he told me that his informant was a member of the president's cabinet, and knew what he was talking about."

"This conversation was not given to me in a confidential manner, but I will not give my informant's name, for it is plain to see what would happen if his name came out."

"There is not any doubt in my mind but that the statement that the president offered Keefe the position, and that Keefe agreed to accept it is true. Perhaps the offer was not made at the conference on Oct. 5 last, but I believe it has been made."

Baseballists Ousted.

Chicago, Oct. 15.—Happy over victory in winning the world's championship the Chicago team of the National Baseball league arrived home from Detroit early Thursday and was met at the station by an enthusiastic crowd. The players, who were accompanied by members of the national commission, reported having met with ovations wherever the train stopped on its way home. When the train pulled into the station here a mob of baseball enthusiasts rushed through the gates and carried in the "welcome home" to the individual players. An exhibition game will be played here with the Detroit team here Sunday.

Tires of Dodging Police.

Chicago, Oct. 15.—Tired of dodging the police for four months, C. W. Howard, formerly agent for the Pacific Express company and Texas and Pacific Railroad company at Burton, La., gave himself up to the police and asked to be sent back to Burton, where, he claims, he is wanted on charge of embezzlement. Howard declared he appropriated to his own use funds belonging to the express and railroad companies.

Result of Riot.

Fremont, Neb., Oct. 15.—One man is dead, one fatally and one seriously injured as the result of a riot among Italian employees in the railroad yards. J. Tony is dead. The man was stabbed and shot. Patsy Pascoe was stabbed eight times and will die. Joseph Tuono is suffering from two bad stab wounds. The riot is said to have started over a board bill. Officers arrested sixteen rioters.
